PRICING AND DEPOSIT

Our pups are all priced at \$3000 plus GST. There is a 10% discount for those who have already purchased a puppy from us. A deposit of \$500 is required to reserve a puppy. Pups are chosen in order of deposit on the day they are ready to go at 8 weeks old. We do this so that all pups are vet checked before they leave. By choosing your pup at 8 weeks old, you also get a much better idea of coat type, personality and temperament. Deposits are not refundable but are transferable to a different litter with as much notice as possible. **NOTE: We do not take deposits for male or female puppies, just for the order in which you choose your puppy.**

OUR EXPECTATION

Pups are sold on a strict non-breeding agreement and must be spayed or neutered no sooner than 6 months and no later than 12 months of age.
